LADIES AT PUBLIC ASSEMBLIES.—A writer in the Buffalo Commercial Advertiser starts a question in reference to the treatment of ladies at public assemblies that would puzzle the Supreme Court:

"There are some questions of social arrangement which every one feels to be of every-day importance, and which are unsettled. Among them is that which relates to the claims of the ladies in regard to seats in public assemblies. The most polite find difficulty in ascertaining what is required of them by the rules of good breeding and good sense in this matter. The ladies are undoubtedly as much embarrassed by the difficulties of the case as these gentleman. No lady can feel quite agreeably in depriving a gentleman of his seat to which he has just ensconced himself, and in which he is congratulating himself that he can see and hear as he wishes. At least, the lady who can set a gentleman adrift in such a way without reluctance, must be destitute of the delicacy of feeling which should entitle her to regard. But driving a gentleman from seat to seat is not all. When a gentleman attends a lady to an assembly, it is important that he should sit near her, if he would attend her home again. He takes his seat by her side, and after a while some damsel comes along and looks as much as to say—'that seat, sir, if you please.' What can the gentleman do? Shall he enter on an explanation of his reason for keeping his seat—this would not do; and he must give up, and find his lady again as he can.—There are many other evils connected with this custom of leaving seats to accommodate ladies. It takes away half the comfort of going to any assembly. Cannot some reasonable way be devised, by which the ladies can be well treated and these disturbances and inconveniences avoided? Something ought to be done, for the evil is growing grievous; although few have the moral courage to complain."

GOOD ADVICE TO YOUNG WOMEN.—Trust not to uncertain riches, but prepare yourself for every emergency in life. Learn to work, and not to be dependent upon servants to make your bread; sweep your floors and darn your own stockings. Above all things do not esteem too lightly those honorable young men who sustain themselves and their aged parents by the work of their hands, while you care for and receive into your company those lazy, idle popinjays, who never lift a finger to help themselves as long as they can keep body and soul together, and get sufficient to live in fashion. If you are wise you will look at the subject as we do; and when you are old enough to become wives, you will prefer the honest mechanic, with not a cent to commence life, to the fashionable loafer, with a capital of ten thousand dollars. Whenever we hear remarked, "Such a young lady has married a fortune," we always tremble for her future prosperity. Riches left to children by wealthy parents often turn a curse instead of a blessing. Young women, remember this; and instead of sounding the purses of your lovers, and examining the cut of their coats, look into their habits and their hearts. Mark if they trade and can depend upon themselves; see if they have minds which will lead them to look above a butterfly existence. Talk not of the beautiful white skin, and the soft, delicate hand—the splendid form and the fine appearance of the young gentleman. Let not these foolish considerations engross your thoughts.

THE DAILY NEWS.

Newport:

TUESDAY, DECEMBER 21, 1847.

BY C. C. JACKSON, 91 THAMES ST.

TRUTH.—How many a man hates his neighbor for no other reason than because he knows that he deserves himself to be hated by him; and, too, how many men form prejudices in their minds against their neighbors for no earthly reason at all, only because they do not happen to take a fancy to them. Politics has much to do with conforming prejudices between man and his fellow man, and even goes so far as to preclude those who were once intimate friends, from showing to each other the common civilities of society when they meet in the street, or in company. Of all causes for prejudice, this is the most fallacious. Has not every man just as good a right to his opinion, whether it be on political, religious, or any other question, providing he is conscientious and acts from principle, as his neighbor? The man who cannot give a better reason for being prejudiced against his neighbor, than that he differs with him in politics, or embraces some other religious creed, must be set down, in the estimation of all who think for themselves, as a man of an exceedingly narrow and contracted mind; and yet, we blush to say it, there are *such men even in Newport!* These individuals are not content with being prejudiced themselves, without a cause, but let not an opportunity slip of prejudicing the minds of those who are well-disposed, but who have not sufficient independence of mind to think for themselves, and to know the truth of a thing before condemning or approving it.

Public opinion, in the common acceptation of the term, is one of the veriest humbugs that ever existed. We are aware that this is a bold assertion, and we are equally aware that it is a difficult one to prove, to the satisfaction of a very large portion of our readers, yet we contend that the assertion is true, that *public opinion, in the common acceptation of the term, is a humbug!*

What, in nine cases out of ten, constitutes that which is denominated "public opinion"? Is it the spontaneous opinion of the public, irrespective of some few? or is it is it the opinion of a certain clique whose opinion is disseminated throughout the public? A certain question is raised, and for a time "the public" are at a stand, not knowing which side to take, but earnestly looking for the opinion of certain men who form opinions for the public, and whatever their decision is, "the public" abide by it, and shout, to the utmost extent of their voice "whurrah for *public* opinion!" Well, perhaps by this time it may, to a certain extent, rightfully be termed "*public opinion*" for a considerable portion of the public would have got "whipped into the traces," but if a man was to be found who *dare* open his mouth against this dogma of "public opinion," he would be set down by "the public" as one regardless of all law and decency.

Public opinion, proper, we respect; and are, to a greater extent than is compatible with our own inclinations, governed by that which only has the name of "public opinion."

☞The gale in New York on Thursday night and Friday must have been very severe. Nine vessels are reported ashore on Hart Island, and all but one have bilged.—The beach is reported to be strewn with all kinds of merchandise from these vessels.

There was a report in town yesterday that the Cutter on the New London station, was lost, but how much truth there is in this report we are not able to say.

TOWN MEETING.—A town meeting is called for in the Court House at 10 o'clock this morning, to take into consideration the expediency of removing the insane persons now in our Alms House to the Butler Hospital, in Providence; and also for those owning lots in the burying ground to take the necessary steps to petition the General Assembly for an act of incorporation, taking the jurisdiction of the lot out of the hands of the town into their own, and to do any other business that may properly come before the meeting.

☞Tuesday was the fifth anniversary of the murder of Sarah Mariah Cornell in Fenton, which excited so much excitement all over the country.

THE ARMY AND FOREIGN RELATIONS.—The estimates for the appropriations necessary for carrying on the operations of government, laid before Congress by the Secretary of the Treasury, include the following estimate of the probable amount that will be required to subsist the regular army and volunteers in the service of the United States, from July 1, 1848, to June 30, 1849:—

Regular army	$2 898.377 50
Volunteers	2,482,600 00
Employers	866.875 00
Total	$6,248 252 50

Data upon which this estimate is made:

One company of engineers	100
Three regiments of dragoons	3.408
One regiment of riflemen	1 146
Four regiments of artillery	5.492
Sixteen regiments of infantry	17 664
One regiment of voltigners	1 104
Ordnance men at arsenals in Mexico	560
Women to companies and detachments	2,300
Thirty four regiments of volunteers	27 200
Employers	9 500
Total number of persons	68,471

68,474 persons at 22 cent. per diem.

365 days $6 248 252 50

This estimate, so far as the women are concerned, is as one woman to twenty-eight men throughout the army.

Our intercourse with foreign nations, costs $313,000, which is made up as follows:

Salaries of ministers	$54.000
Salaries of secretaries of legation	13.000
Salary of ministers resident to Turkey	6.000
Salary of drogoman to the legation to Turkey	2.500
Salaries of charges d'affaires	76.500
Contigent expenses of all the missions abroad	30.000
Contigent expenses of foreign intercourse	30.000
Intercourse with the Barbary powers	10.000
Salary of consul at London	2,000
Salary of commissioner to the Sandwich Islands	3.000
Interpreters, guards, &c., of the consulate at Constantinople, &c.	1.500
Salary of commissioner to reside in China	5,000
Salary of Secretary and Chinese interpreter	2,500
Relief and protection of American seamen	75,000
Office rent, clerk hire, &c., to American consul at London	2,800
Salary of consul at Beyroot	500

☞Preparations are already making to trim the Churches in this town for Christmas; the Wicklord packet brought down a load of evergreen yesterday for this purpose.

☞Mr. Moore's second Lecture on the Origin and Formation of Language, let it be remembered, will be delivered at Armory Hall this evening, at half-past 7 o'clock. The subject for this evening is the "Origin of parts of speech," and from the instruction imparted in the first lecture, we can assure all who may attend, perfect satisfaction.

☞We are indebted to Mr Edred Holloway for a copy of the New York Herald of Sunday.

☞A great war meeting was held in Philadelphia on Saturday evening last. Resolutions were passed declaring the war to have been commenced by the act of Mexico—a sustaining the Wilmot proviso, and invoking congress to grant the necessary supplies to carry on the war.

☞The legislature of New York adjourned on Wednesday, both sessions for 1847 having passed 490 acts.

☞The famous "Tea Party" in Boston, was held Dec. 16 1773—seventy-four years ago last Thursday. Seventeen men, disguised as Indians, went on board an English ship, lying in Boston harbor, and threw overboard 342 chests of tea. As the Revolution resulted this was regarded as a meritorious act, and so ambitious have men been to share in the *glory* of the transaction, that perhaps ten-fold as many as were really engaged in it have claimed the honor. But if the Revolutionary struggle had resulted differently, the number of *claimants* would probably have been very small.

☞The value of the exports from the port of Boston, to foreign ports, during the week ending Dec. 11, was $88,120.

Thirtieth Congress---First Session.

HOUSE.—Saturday.—Mr. Hunt, of New York, introduced a series of resolutions passed by the legislature of Michigan, in favor of a railroad to Oregon. Referred to committee on post routes.

The remainder of the session was occupied in debating the rules of the House.

The one hour rule was adopted; also a rule providing for a standing committee on the Smithsonian Institute.

Messrs. Hillard and Johnson denounced the manner in which the legislation was conducted in relation to this institution.

The rules of the last House, with some modifications, were adopted.

☞We are permitted to make the following interesting extract from a letter received from an officer in the army in Mexico:

"I have not yet been much over Puebla, and have not seen enough of it to describe it. It has, however, I should think, nearly one hundred churches in it, besides convents. These churches are of an immense size, of great interior magnificence, and cover more than one-third of the whole area of the city. In every direction, wherever you turn your eyes, you see in the streets groups of priests, with their black, white or purple robes, and great large singular made hats. The people bow down to them as they pass—and frequently I have seen a dozen on their knees at a time, in superstitious and idolatrous worship of a passing church dignitary. Never have I seen such superstition and idolatory as here. Monks and men connected with the church, going about from house to house, in behalf of the church and for the church begging, with a little cross and crucifix in a silver plate, in which are deposited offerings of poor as well as rich. Last night on going to the Post Office, my attention was called to a singular chant, under the *zocoose* portico that bounds the great plaza. I turned and observed a number of boys with lanterns, headed by a priest in his robes, chaunting away a response for the good of some dead man's soul. After chaunting their response for a minute, they moved on for a short distance, and again set up their chaunt. Their Cathedral here, is one of the grandest in the world—absolutely plated all over with gold—and abounding in crucifixes, images and fine pictures. It covers an entire square—and many of their churches are much larger even than this.

☞The procession in attendance on the funeral of Mr. James M. Tuell, yesterday afternoon, presented a very imposing appearance. The procession was led by the Artillery Company in uniform, then followed Rhode Island Lodge, Ocean Lodge, Palestine Encampment, St. John's Lodge of Masons all in regalia; Hearse, mourners, and citizens. Music would have been provided on this occasion, and it would have added very much to the effect, but it was the request of the family of the deceased that there should be none.

VIRGINIA AFFAIRS.—The message of the Governor of Virginia is a lengthy document. A cotemporary thus condensed some of its main facts:

The surplus in the treasury is $145,000, having only $65 000 to be provided for taxation. The Washington Monument fund is now nearly $10,000, and he proposes that Mount Vernon be purchased with the money. He recommends the pasage of a law providing that the free negroes shall be removed by counties, and sent at public expense to countries where slavery does not exist. The Governor takes decided opposition to the Wilmot Proviso.

☞The Commercial, of Cincinnati, says that the slaughter houses there cannot keep up with the demands for slaughter—there being more hogs than facilities for killing. Thirteen thousand hogs were transported over the railroads to the Baltimore market from the West during the past two weeks; and at Cumberland, there were registered on the books of the office, twelve thousand one hundred more, for the same destination.

☞At a bull fight in New Orleans on Sunday, the 5th inst., the price of admission specified in the advertisement was: In the shade 75 cents; in the sun, 50 cents.

POPULATION OF NEW ORLEANS.—The census of New Orleans, just completed, gives the total population of the city at 76,938; a decrease of 16,000 since last year, and 23,000 since 1840. The Delta thinks there is a gross mistake somewhere.

Ship Louis Phillipe Ashore.

We are indebted to the Rev. A. H. Dumont, for a copy of last evening's Boston Journal, from which we learn that the New York packet ship Louis Phillippe, Captain Custoff, who belongs in this town, got among the shoals on the south side of Nantucket during the gald of Thursday night, and after thumping about for four hours, was backed off, after breaking all her rudder pintles but the upper one, and losing an anchor and chain, and was set along shore by the tide until she brought up, with her remaining anchor, off against the Forked Ponds, where she was laying at the last accounts, close in shore, about three miles and a half to the westward of where she struck.

News has been received from the ship up to 9 o'clock Saturday night, and then her pumps worked freely, but it was with great difficulty that she was kept afloat. The steamboats Massachusetts and Telegraph had both been from Nantucket to her assistance, and it was thought that an effort would be made on Sunday, by these boats, to tow her around the east end of the Island into the Sound.

The Louis Phillippe was bound from Havre for New York, with 184 steerage passengers, 7 in the cabin, and a cargo of dry goods and hard ware, valued at $200,000. She had landed a part of her passengers, but had not disturbed her cargo.

☞The New Custom House at New Orleans will cover an area of 99,000 feet, exceeding, by some 30,000 feet, that of the Capitol at Washington. It will accomodate the U. S. S. Court, Post Office, Land Office, Collector's Office, and have many millions feet of storage. There will be four large hoistways connected with railroad tracks on each story, for the receipt and delivery of goods, the machinery of which will be worked by steam power placed in the upper part of the building. The general business room will be in the centre, and entrance to it from New Levee, Canal and Custom house streets; and after the removal of the U. S. Court, there will be a communication from each front. The whole building will be of the most substantial material and fire proof.

A LUCKY FAMILY.—In a family of nine children born in Enfield, Ct., there has been no death for more than fifty years. Seven are now living, whose ages average seventy years. The youngest being sixty, the eldest eighty one, and their ages amounting to about 505 years.

☞W. B. English, Esq., writes to a friend in Newport that he is about to visit us with his Dramatic Corps. Come on Mr. English, we need you much, and merry Jerry in the bargain. We are absolutely growing sleepy, for want of some entertainment.

UNITED STATES HOTEL.

On Pearl, Fulton and Water sts., New York,

BY H. JOHNSON.

THIS is one of the largest and best kept Hotels in the city of New York. Its location is particularly convenient for business men, and Mr. JOHNSON, the popular and genteel manly landlord, makes the comfort of his guests a constant study. May 3

[Extract of a letter from Dr. Williams of Va.]

Gentlemen—I will thank you to send me two dozen more of your Sarsaparilla and Tonic Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

For sale by R. J. TAYLOR.

☞Sore throats, cough, consumption, pains in various parts of the body, and other unpleasant symptoms, are the usual effect of catching cold.

Wright's Indian Vegetable Pills are a delightful medicine for carrying off a cold, because they purge from the body all morbid and corrupt humors in so easy and natural a manner, that the body is relieved of all suffering as if by magic. From three to six of said Indian Vegetable Pill, taken every night on going to bed, will, in a short time, make a perfect cure of the most obstinate cold—at the same time the blood and other fluids will be thoroughly purified, and the constitution so completely invigorated, that the body will be restored to sounder health than before.

BEWARE OF SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The genuine are for sale by C. G. G. HAZARD, No. 89 Thames st, Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Seabury & Almy, Tiverton Bridge; Arnold Smith, Tiverton Four Corners; H. P. Brown, Little Compton; W. A. Brown, Adamsville. Wholesale at the New England Office, 198, Tremont-st., Boston.

Sand's Sarsaparilla.—The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary:

East Poultney, Vt., Aug. 10, 1846.

Messrs. Sands: In the spring of '41 I had the typhus fever, with which I suffered the most intense pain and misery I recovered from that, I was attacked with a spinal complaint and inflamed sore throat. This continued till June, '43—when my throat and lungs also took attended with a severe cough, and my face was covered with scrofulous sores. I cannot describe what I suffered for five years, three of which I was confined to my bed. During this time I received no benefits from the prescriptions of the various physicians, and had nearly given up all hope, as to ever being any better. At this time I was induced to try your Sarsaparilla, from the many remarkable cures it had performed, and strange as it may appear, the first bottle effected a sensible change. By continuing its use my health has so much improved that I can now not only sit up, but walk; and I fully believe, with the blessing of Providence, that it will effect a perfect cure. Yours, very truly,

ADELINE STANLEY.

To enable Mankind to live to Old Age without Disease.—The public may not be aware that the Rev. S. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in the es of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emmigrants, soldiers, and families, we say neglect not to provide yourself with so potent a purifier of the blood; so safe, mild, and universal a remedy as these Sovereign Vegetable Pills. Remember the name of Rev. S. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column. mr5s29

JONES'S SOAP

Ladies in the country and watering places!
See how the sun has burnt your faces!
Look at your necks—how yellow, dark with tan
Why, 'twill repulse the love of any man!
Those freckles, too, you know they'd quickly fly
If Jone's Soap you'd use; come once—do try—
It costs but fifty cents, and I am told
It's worth, aye, doubly worth its weight in gold.

☞Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in beautifying the skin. For sale by Dr. R. J. Taylor.

Hoorah for Christmas, clear the track,
For old Santa Clause is coming back back.

My friends I do appear once more,
To welcome to our favored store
The children's friend, old Santa Clause,
That all may be supplied.

He sent me a letter a month ago,
Stating that he would like to know,
If I would arrange it so
For him to stop with me.

Of course I quickly did reply,
And on my word you may rely,
I never let such things pass by,
For that would never do.

So he'll be here by Christmas day,
With all his goods so rich and gay,
And they will all be given away
For a trifling sum;

And so, good friends I hope all
Will be on hand to give a call;
At the store South the Town Hall,
Where you may suited be.

For example, we will attach the following prices and every article is warranted.

Newport, Sept. 1, 1847.

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop? Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin!" (Here, several persons were brought forward by the President, who had used it, in proof of this assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blotches, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn; and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1844.]

One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it, but always see that the name of T. JONES is on the wrapper. For sale in Newport by

Phalon's Chemical Hair Invigorator.

A REMEDY for all diseases of the Hair, and is restorative in all cases where baldness is not beyond the reach of art.

Naught with beauty can compare,
With soft, glossy locks of hair;
If not endowed with such by nature,
Use Phalon's Hair Invigorator.

The subscriber having devoted a considerable portion of his time or twenty years to the study of the skin and the human hair, also the best means of treating and curing the same, and having, in the course of his experiments made various changes and improvements in the different articles approved as the best for such purposes, has at length, after laborious reserch and deep investigation, succeeded in bringing to perfection a composition, the virtues of which he challenges the world to excel.

The Chemical Hair Invigorator is composed of a number of vegetable ingredients of opposite qualities, and approved by the highest medical standard, the secret of blending and combining, which is known only to the subscriber, who has spared neither pains nor expense in bringing it before the public.

The Invigorator is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture of the hair never before attained, yet free from animal grease or essential oils. It cleanses the pores of the skin causes a healthy action of the blood vessels, nerves, &c., which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff and other cutaneous diseases, disposes the hair to curl, and keeps it so—will positively change the hardest hair into the most soft and healthy and glossy state, also imparts to it a darker color, and a fragrance of it will keep both the skin and hair in a healthy and luxuriant state until the last period of life.

Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which when moistened with the Invigorator can be dressed in any required form, so as to preserve its place whether plain or in curls. When used on childrens heads it lays the foundation of a good head of hair.

The great and only Successful Remedy for the cure of Consumption,

IS Dr. E. W. Vondersmith's INDIAN COUGH BALM and LUNG BALSAM,

☞READ.☜

Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood; from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vondersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow fetid matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,

EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 19, 1847.

Dr. Vondersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white frothy mucous. In fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vondersmith's Indian Cough Balm and Lung Balsam. I consented; when I had used it about one week, my cough decreased considerable, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vondersmith's invaluable medicine, that I would be mouldering in the silent grave.—Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,

JAMES B HENDERSON,

Consumption.

Staten island, June 10, 1847.

Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucous. Some days I raised a half-pint of mucous, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchel of Philadelphia, to use a Breathing tube; I purchased one. I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vondersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles; I received great benefit from that which induced me to purchase a dozen bottles. I took according to the directions, and it cured me perfectly sound.

Yours, &c. ROBERT WILLSEY.

IF Dr. B. HIBBARD'S Vegetable and Antibilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them,—if you do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

These Pills are recommended as being without an equal in all Bilious attacks, affections of the Liver, the Lungs, Stomach, or Bowels caused by taking cold, or obstructed perspiration. They carry off the bile, cleanse the stomach and bowels, and open the closed pores of the body, thereby bringing out the insensible perspiration through its accustomed channels and relieving at once the internal organs. Also in old chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c.—Mark the Directions which go with each box.

Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEGETABLE, and may be taken under all circumstances without regard to drink or diet.

The American Improved Hygeian Vegetable Medicine.

☞SAFE, CHEAP AND EFFECTIVE.☜

THis medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful *trial* as a test of its curative properties.—During the last twenty years it has worked its way into extensive use, *readily upon its own merits*, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and *knows it* to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere *assertions* in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

GENUINE BEAR'S OIL Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.

READER! READER

If you are afflicted with Bronchitis, Asthma, Obstinate or constant Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Anents, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st. Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin 192 Eldridge-st.
Mr. Alonzo Brown 72 Reade-st.
Mrs. Morgan, 102 Front-st., Brooklyn.

Orange county April 19th, 1846.

DR. EMANUEL.

Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; and well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. REED.

And now, reader having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.
